

Flu Vaccine Clinic Participants:

The Commonwealth of Kentucky is offering you an opportunity to get your flu vaccine at Flu Clinics provided by our on-site health care provider, Premise Health. Some information that will make this process go smoother includes:

- When you come to get your flu vaccine, remember that you need to wear clothing that will allow us to give the vaccine in your upper arm. If we cannot appropriately visualize the area due to clothing, you will be asked to remove clothing to allow us to see your upper arm. We will have a screen available for privacy if you must remove clothing.
- The Flu Vaccine Consent Form is included with this information and can be completed in advance or at the time you arrive for the vaccine.
- The Vaccine Information Statement (VIS) is also included and provides information on the flu vaccine. Please review this information. It will also be available for review at the time of the vaccine.
- We will be asking for your social security number. This allows us to put your information in our computer system. We will keep your information secure and the forms will be shredded after it is put in the system.
- Please be patient as we strive to get everyone through the line as quickly as possible.
- Flu vaccines will also be provided in the clinics beginning 10/3/17. Contact the clinic for specific information.
- You can receive Go365 points for getting a flu vaccine! We can provide a copy of your consent form to fax or you can take a picture with your phone to upload to the site.

Answers to frequently asked questions regarding influenza are available on the CDC website at: <https://www.cdc.gov/flu/about/season/flu-season-2017-2018.htm>

Thank you for doing your part to prevent the spread of influenza in our community!
